

13TH PRINCIPIA INTERNATIONAL SYMPOSIUM

CALL FOR PAPERS

1. Special issue of Principia: an international journal of epistemology

As in the previous Symposia, we are planning a special issue of our journal **Principia: an international journal of epistemology** (ISSN 1808-1711, Qualis A1). If your paper is dedicated to the main theme of the symposium (Philosophy of Language and Linguistics) or to the scope of the journal, we invite you to use the journal's editorial system at <https://periodicos.ufsc.br/index.php/principia>. Select the section "Special Issue: 13th Principia International Symposium". All submissions will go through the usual refereeing process of the journal.

2. Book series

For papers presented in the symposium that fit neither the main theme nor the main scope of the journal, again following the tradition of previous editions, we are also planning books in our department series (Rumos da Epistemologia, NEL-lógica, NEFIPOne, ...). Submissions are to be made by e-mail to principia.symposia@gmail.com. Papers should be prepared for blind review and should be submitted in pdf format along with the source files (tex, odt, doc, docx, rtf, ...). Please, do not forget to include a separate title page with all author information (full name, institutional affiliation, contact).

Deadline: November 30th, 2023.
Expected Publication: September 2024.

If you have any doubts or need further info, please talk to members of the symposium's organizing committee or to members of the journal's editorial board (basically the same people) or write to principia.symposia@gmail.com or to principia@contato.ufsc.br.
